

WELCOME TO GENERAL ENGLISH

# Confidence for real life

A step-by-step journey toward fluency in  
travel, work, study, and daily conversation.

**Presenter:** Feroza · General English Lead

**Format:** Live interactive online sessions & guided practice

# A course for adults at every stage

---

## A1–B2

### CEFR Aligned

Clear framework progression from complete beginner to upper-intermediate proficiency.

## 3 Parts

### Modular Structure

Each level is divided into three focused 20-hour stages designed for steady pacing.

## 60 Hrs

### Total Level Depth

Complete instructional depth per stage combining guided study with interactive live practice.

# English that works when you need it

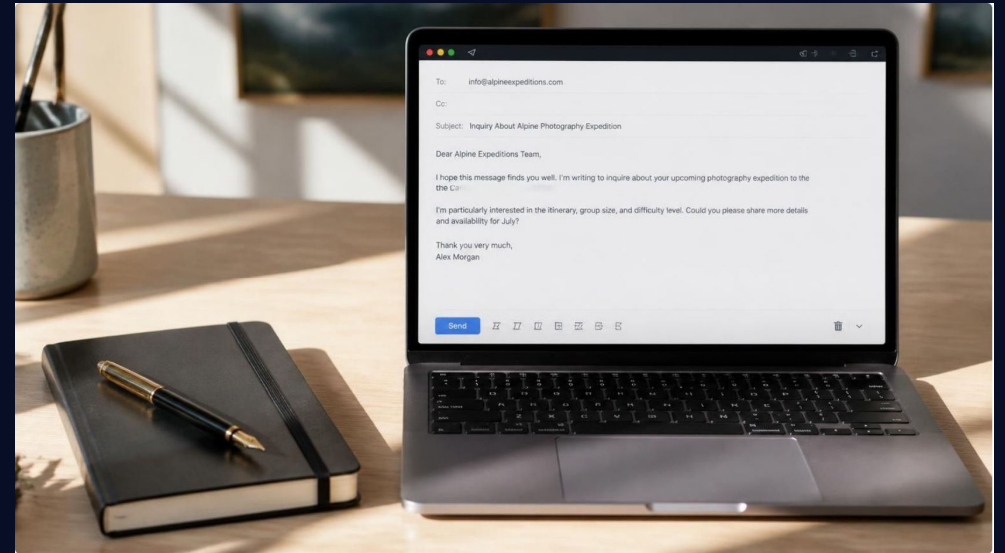

---

Practical language prepared for real situations, spoken without fear of mistakes.

## In meetings

Share opinions comfortably, ask questions, and contribute your ideas with confidence.

## In correspondence

Draft well-structured, polite, and effective emails for professional and personal needs.

# Build the four skills together

Language systems and active communication reinforce each other in every unit.

## FOUNDATION SYSTEMS

### Grammar in use

Tenses, auxiliary verbs, conditionals, passive voice, and reported speech learned in real context.

---

### Core vocabulary

High-frequency language for daily life, international travel, work projects, and formal study.

## ACTIVE COMMUNICATION

### Speaking & listening

Natural pronunciation, fluency drills, realistic dialogues, public announcements, and short talks.

---

### Reading & writing

Authentic letters, articles, short narratives, clear paragraphs, and structured essays.

# Leave with practical confidence

Communicate confidently in everyday, academic, and professional situations.

Use grammar accurately in speech and writing.

Understand spoken and written English at your level.

Build practical vocabulary and progress step by step.

# See your progress from week to week

Placement test, practice, review, short tests, and visible progress.

## Placement test

Take a simple test to determine your level.

## Part by part

Move forward part by part.

## Practice

Practice all four skills together.

## Review progress

Review and measure progress with short tests.

# Learn before class, practice live

The flipped classroom maximizes speaking time and personal coaching in every session.

## STEP 1 · INDEPENDENT STUDY

### Before class

Absorb grammar models, key vocabulary, and listening input at your own pace before live meetings.

---

Interactive worksheets · Authentic audio & video ·  
Online dictionaries

## STEP 2 · LIVE SESSION

### During class

Dedicate classroom time entirely to live interaction, spoken drills, teacher coaching, and partner dialogues.

---

Real-time speaking · Group problem-solving ·  
Immediate feedback

# Use English in the moments that matter

---

## Daily life

Travel, shopping, and dealing with people.

---

## Study

Understanding lectures and references.

---

## Work

Writing emails and taking part in meetings. Long-term gain: a regular study habit and lasting confidence.

# Small habits create steady progress

Proven daily study practices that accelerate your path to fluency.

## 1. Fixed daily time

Set aside a dedicated, uninterrupted study window each day.

## 2. Watch before class

Review video clips and worksheets before entering the live session.

## 3. Speak fearlessly

Engage actively in class exercises, treating mistakes as learning steps.

## 4. Vocabulary book

Record practical words, expressions, and collocations in one journal.

## 5. Listen every day

Immerse yourself in English podcasts, news broadcasts, and films.

## 6. Review progress

Analyze your weekly test feedback to pinpoint the next growth area.

YOUR JOURNEY BEGINS HERE

# Start with the tools you already have

An internet-connected device.

Headphones.

A genuine desire to learn.
